

So, what impact has Howell Rotary's Tour de Livingston had on our community?

Since its inception 10 years ago, Howell Rotary's Tour de Livingston has raised almost \$300,000 to support struggling local families through basic need programs and initiatives supported by Livingston County United Way.

United Way ensures that 100% of the Tour de Livingston proceeds go directly back into the community, with a total historic leveraged value estimated of \$600,000 in direct impact!

Here are just some examples of how donated dollars were invested this past year:
